

DS-10STU Single Flex Arm for Smart USB Monitors

The DS-10STU is the perfect add on to your Smart USB Monitor. This lightweight Stand can adhere to smooth surfaces such as a Desk, the back of a Monitor or Laptop, Counter Top, etc. The unique gel suction cup also enables it to adhere to textured surfaces such as plaster walls.

Key Features:

- Lightweight Plastic
- Adjustable Height via Slide Bar
- Ball Joint rotates 360° and forward/backward
- Base Hinge adjusts forward/backward
- Gel Suction Cup allows for mounting to a variety of surfaces, smooth or textured, horizontal or vertical.
